

New Villagers Club of Tellico Village

**Newsletter
September 2021**

Message from NV President John Arguelles

A warm welcome to all New Villagers, especially those of you who are just joining. There are a myriad of activities and great things to do in our East Tennessee paradise located close to the Smoky Mountains. We will be saying goodbye to summer later this month when the fall season greets us. Get out there and go fishing, hiking, boating, ride that motorcycle, bicycle and above all enjoy the long days as they become shorter.

Every three years the Long Range Planning Advisory Committee is tasked with doing a survey of all residents in the village. 2021 is one of those years. The committee charter duties include:

- Forecasting village growth and changes in population demographics
- Studying the impact of changing demographics and trends
- Providing the path forward for amenity development
- Surveying member opinions

At our September New Villagers meeting, LRPAC liaison Susan Leyman will give a short presentation about the survey to be sent to all village residents. Please look for this important document and take time to fill it out. This will help decide the future direction of our community.

The 2022 volunteer Board of Directors have all been identified and agreed to serve. We will be asking for a vote of New Villagers present to vote during the October social meeting. Your support will be crucial to the success of another great year. Event coordinators are needed, and training is available. No experience needed!

One of the functions of the new Villagers Club is philanthropy to organizations in our community. This year your board has chosen the Tellico Village Volunteer Fire Department to purchase new lighter weight helmets for its firefighters, fireground technician and EMS crew. Also selected was the Tellico Village Library to modernize and update their website. The library is completely funded by donations and volunteers from the village. It receives no funding or support from Loudon County.

Have a great September!

John
